

Big Brothers Big Sisters

Every child needs someone they can do fun activities with or talk to about personal problems. I personally know many children who don't have an older sibling or a strong role model in their lives. Big Brothers Big Sisters of Illinois can help provide children with those role models.

Big Brothers Big Sisters of Illinois is a volunteer-run non-profit organization located in over ninety counties in Illinois. Big Brothers Big Sisters of Illinois provides these adult volunteers ("Bigs") to work with young people ages 6-18 ("Littles") as adult role models to help with a variety of things, including but not limited to helping complete school work, motivating children to work through personal issues, providing opportunities to participate in social activities, or just being someone that can be trusted by a young person. Big Brothers Big Sisters of Illinois is able to provide adult volunteers who are caring individuals and are able to interact with young people who need a role model in their lives.

Through the work of our Student Councils, the IAJHSC would be able to greatly assist Big Brothers Big Sisters of Illinois and help fulfill their mission of providing young people with role models to greatly improve their lives. The goal of the IAJHSC State Service Project is to raise at least one dollar per person in our school. Let's provide the youth of Illinois with the chance to accomplish great things.
