

State Service News!

State Service Project Sheilah A. Doyle Camp!

Fast Facts:

- They started as a college camp
- They have a session for the parents to express their stories
- They choose a camp theme
- This years theme is rock climbing
- The age range is 7 - 17
- They have over 500 trained volunteers

The organization is a non-profit organization. What they do is that they will find kids who have lost a family member to homicide and help them at this camp they have. They help them with grief counseling.

Homicide is the deliberate and unlawful killing of one person by another; murder.

It is important to help this charity because the homicide rates have been going off the charts and more and more children need our help to bring them to this camp so they can relieve their pain.

Illinois homicide's have increased a lot in recent years, and we need to do something about it. This amazing program allows kids to recover from what happened. It allows them to see the point in their life again. It helps them find who they are. Not having a parent makes it hard to know who you are and hard to know what to do. If we donate money to this camp, they will be able to help more children and help them become a kid again. And they will be able to be happy again and live life.
