

Dear IAJHSC Member Schools,

As the 2022 IAJHSC State Convention is growing ever closer, the need for your school's donation to the IAJHSC State Service Project is becoming more prominent than ever. By sending in your donation to the IAJHSC State Service Project, Variety of Illinois, you are helping children with disabilities reach their full potential. When Variety reaches out, they provide kids with the help they need to be involved in their community.

Variety does many things to help children achieve a sense of belonging in their community. They do this by building or buying wheelchairs, bikes, communicative devices, and other equipment. They also provide kids with experiences that help them achieve the inclusive life they deserve.

Please donate to this non-profit organization to help these children, earn an honor council point, and make your district proud. Here is a list of ideas to help you get started with fundraising: [Variety Fundraiser List](#).

Thank you,

Your District Representatives': Evan C. Nyah G. Hope C. and Tessa B.
