

## HONOR COUNCIL AWARD WINNERS

2019 ~ 2020

We had forty (40) IAJHSC member schools qualify for this year's IAJHSC Honor Council Award. Two of the awardees are first time qualifiers ... Farmington Central Junior High School and South Fork Junior High School. Congratulations go to all this year's winners for a job well done! Most all earned more than the required six (6) point minimum to achieve the award. By being active and participating in the many offered IAJHSC events and activities, these councils helped set a tremendous leadership example for all our member schools. They worked hard to advance leadership, service, and scholarship in their school and community. The IAJHSC would like to commend each of them for going the extra mile to exemplify the best of middle level student leadership in the State of Illinois.
